

THE SLIPPERY STONE.

Go cautious through this weary world, and guard your steps with care, And never do your neighbor harm, but always do what is fair. People fall and never rise again who never fell before: There is always a small slippery stone at every-body's door. Then should your neighbor chance to fall, you must not pass him by, But lend a hand to help him up, and do not let him lie; Some day the case may be your own, though you have gold in store: There is always a small slippery stone at every-body's door. There are slippery stones where'er you go—in palace, cot or hall; So guard your steps and not go wrong, or over one you'll fall. For Emperors and Kings have fallen, and nobles by the score: There are always small slippery stones at every-body's door. It is hard to hold a cup that's full, I have heard old people say, And there are joys to get and joys to give to prosper on our way; And some will fall while others rise, who never had wealth before: There is always a small slippery stone at every-body's door.

The United States Court at Cincinnati ordered the payment of claims held against the steamer Helen M. Gould, recently sold. Captain Sam L. Parsons is allowed \$470 for money and supplies advanced, and Thomas J. Hall \$279. A number of small claims against the boat are in the allowances made.

The two new high pressure engines building at Cincinnati for the Sprague, it is expected, will be completed in a few weeks. Captain Carroll, her commander, says that owing to a defect in one of her high-pressure cylinders all her power could not be utilized, and still she brought up from New Orleans to Louisville the largest tow on record—thirty-two coalboats and twenty-two barges, fifty-two pieces in all. Captain Carroll says that with her new cylinders he expects the Sprague to come up the Mississippi with seventy-five pieces; also that she handles like a top and with favorable weather conditions can land her tow without the use of a line.

The marks at Davis Island Dam Tuesday showed 4.9 feet and falling. Clear and hot. The unexpected fall in the rivers, which brought the stage of water below Davis Island Dam to 5 feet, put a stop to all talk of further boating on the present rise and sent to their homes many of the rivermen who had gone to Pittsburgh expecting to get a trip. The rains were so light that the moment they stopped the water began to fall, and by noon it had dropped until all hope of getting out boats and barges was abandoned. Every effort was bent toward getting the boats going up the river with tows of empties into the Pittsburgh harbor before the water dropped to a point where it would be no longer possible to get them in. The steamers Jim Moren, Tom Rees, Tom Dodsworth and Mariner got in with tows of empties, which were at once sent to the pools for reloading.

## People Who Can't Sleep.

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired Nature gives way and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. That this condition goes on uncared for is almost criminal, when the well-known, time-tested and tested powers of Dr. A. W. Chase's Nerve Pills to give restful natural sleep have been so fully proven in such cases.

Mr. F. Jones of No. 107 Union street, Maysville, Ky., says:

"I was troubled with nervousness sleeplessness and dizziness. Hearing of Dr. A. W. Chase's Nerve Pills I decided to try them. I got a box at Chenoweth's Drugstore and as a result of their use my nerves are again steady, I sleep well and have no more of those distressing dizzy spells. I can truthfully recommend this medicine as an excellent nerve tonic."

## EDUCATIONAL AFFAIRS

Of Kentucky To Be Well Displayed at the Fair.

PROFESSOR BROWNELL IN CHARGE.

Committee of Prominent Educators Arranging For Collection and Installation of Exhibits—Much Interest Being Taken in School Teachers' Contest.

The display Kentucky is to make in the Educational building at the World's Fair next year will open the eyes of educators everywhere to Kentucky's possibilities in educational affairs. The Kentucky Exhibit association has placed at the head of its Educational exhibit committee Professor H. G. Brownell, principal of the Manual Training High School of Louisville, and he has appointed 20 of the state's best known educators as his associates on the committee. They are as follows: Professor H. V. McChesney, Frankfort; Professor R. P. Halleck, Louisville; Professor W. H. Bartholomew, Louisville; Professor F. Paul Anderson, Lexington; Dr. Chase Palmer, Danville; President William Dinwiddie, Jackson; Dr. W. G. Frost, Berea; Dr. B. B. Huntoon, Louisville; Dr. E. Y. Mullins, Louisville; Dr. Arthur Yager, Georgetown; Superintendent M. A. Cassidy, Lexington; Superintendent S. L. Frogge, Frankfort; Professor C. J. Crabbe, Ashland; Professor McHenry Rhodes, Owensboro; Professor T. S. Alley, Bellevue; Professor C. C. Cherry, Bowling Green; Professor Enos Spencer, Louisville; Miss Pattie S. Hill, Louisville; Mrs. Emily E. Bracken, Louisville, and Mrs. M. B. Tucker, Louisville.

The association has made application for 2,500 square feet of space in the Palace of Education at the Fair and it is reasonably certain that it will

H. G. BROWNELL, Chairman Educational Exhibit Committee, Louisville.

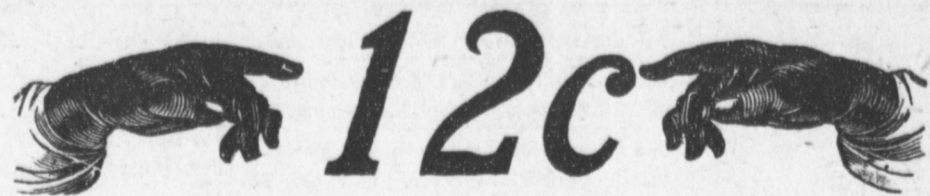

secure this amount. Professor Brownell recently made a trip to St. Louis to confer with Mr. Howard J. Rogers, chief of the Department of Education, relative to Kentucky's exhibit in his department, and had a very satisfactory interview, Mr. Rogers promising Professor Brownell that Kentucky's educational exhibit would be well taken care of. Professor Brownell since his appointment has devoted much time to the study of collecting and installing the Kentucky educational display and has decided to classify it under eight groups, as follows: Elementary, secondary, higher, fine arts, agricultural, commerce and industry, defectives and text-books and furniture. There will be several classes in these groups, showing school management, organization, statistics, pictures and plans of buildings, methods of instruction, results obtained and pupils' and students' work. Another important factor will be the training of teachers. Good exhibits are desired by Professor Brownell and his committee from the graded schools and rural schools of the state, and also illustrating the work of the mountain schools. It is his hope that every educator in the state will help make the Kentucky display one of the most successful in the Educational building at the fair.

It is believed that the deep interest to be aroused by the school teachers' popularity contest, inaugurated two weeks ago by the Kentucky Exhibit association, will greatly increase interest in the educational exhibit. Educators in every part of the state are awake to the importance of having a good display at St. Louis, and at the same time are lending their efforts to making a success of the contest whereby 120 of the most popular teachers of the state will be given free trips to the World's fair. Every educator in Kentucky is eligible to election in this contest, members of the educational committee alone excepted. They are barred for the reason that the counting of the votes is to be conducted under their supervision.

## FINE AGRICULTURAL DISPLAYS.

No man is more capable for the position of chairman of an agricultural exhibit committee than is Colonel Ion B. Nall, the state commissioner of agriculture. Colonel Nall is at the head of the Kentucky Exhibit Association's committee on agriculture and horticulture exhibits and is now working out the details of the display to be made by the state in these two departments. He has associated with him a committee thoroughly versed in everything agricultural, and in addition to this has an army of workers throughout the state, having appointed subcommittees in every county of the state.

WHO WILL BUILD THE TRACTION LINE TO MT. OLIVET?

The people of Maysville and Mt. Olivet and those along the line. Are you ready to do your part? Let it be built this year. The cars should be running by December, 1903. Some people are great on talk but money is needed to build traction lines. How much will you help?

REV. HARROP ROBBED.

Some One Went Through His Pockets at an Owensboro Hotel.

The Rev. F. W. Harrop of Latonia, Presiding Elder of the M. E. Church, went to Owensboro last week with the Maysville Knights to the State Conclave.

He was assigned a room at a Hotel, with Mr. Charles J. Collins as a companion.

One morning Mr. Collins arose earlier than did Mr. Harrop and left the room, leaving the door unlocked.

When the Reverend gentleman was ready to don his clothing he found it in a place other than where he had left it, and in going through his pockets found some \$25 in money missing.

A colored man who had been on watch in the hotel the night previous had left unusually early and it is thought that the money went with him.

Mrs. Charles J. Simpson, who has been seriously ill, is very much improved.

MEMORIAL DAY.

LET'S HONOR THE DEAD!

Place Flowers on the Graves of Your Loved Ones.

Program For G. A. R. Exercises at Monument—Able Address at Dieterich's Park.

Saturday will be the day set apart for honoring the Nation's dead; and here in dear old Maysville it is hoped that the entire citizenship will imbibe the spirit of tenderness and affection by placing flowers on the graves of their loved ones.

Those who will kindly contribute flowers for soldiers' graves are earnestly requested to send them to G. A. R. Hall not later than 8 o'clock Saturday morning, as the graves must be decorated before noon.

Colonel John V. Dea with his assistants will decorate the soldiers' graves in the Catholic Cemetery at Washington, and graves in other places will be thoughtfully looked after.

The veterans of the Civil War have taken the lead, and cordially invite all patriotic citizens to join with them in observing the occasion.

Stephen M. Griswold, Bank President, ex-State Senator and Churchman, will soon complete fifty years as an usher in Plymouth Church, Brooklyn.

At Owensboro, ex-Mayor Joe Lee and James Dundon had a fight over an account in which the former official got the better of it. Both were tried by a Special Judge and fined \$5.

Many of the industrial establishments will close down at noon, and most of the business houses will give their clerks opportunity to attend the exercises, which will be conducted between the hours of 1 and 4 p. m.

All members of Joseph Heiser Post, G. A. R., and all honorably discharged soldiers, together with the P. O. S. of A. and other Orders that will take part in the parade, will meet at Grand Army Hall, Cox Building, at 1 o'clock, and promptly at 1:15 the line, headed by the Redmen's Band, will move Eastward, marching as far as Mathews's Switch, where streetcars will be in waiting to convey them to Dieterich's Lane.

From there they will march to the Soldiers' Monument, where the Post will observe this program—

BACK GIVES OUT.

Plenty of Maysville Readers Have This Experience.

You tax your kidneys—overwork them.

They can't keep up the continual strain.

The back gives out—it aches and pains.

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Maysville people tell you how they act.

Mr. Robert Wise of Forest avenue says:

"Doan's Kidney Pills are from the evidence I have a sure cure for backache. I say this, not from my own experience but also from that of several others who have received the greatest benefit from the treatment. I suffered from pains in my back, a disturbed condition of the kidney secretions and symptoms of an inflamed condition of the bladder. Procuring Doan's Kidney Pills from J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, they gave me quick and effective relief."

PAINE'S CELERY COMPOUND

Has Again and Again Cured After Physicians Have Failed.

For years, men and women in every rank and walk of life have been sounding the praises of Paine's Celery Compound, and telling of its victories over disease and death. Those who were most heavily burdened with disease, victims of suffering pronounced incurable by doctors, and who stood on the brink of the grave, are the people who most gratefully remember Prof. Phelps, of Dartmouth College, the eminent physician and scientist who discovered Paine's Celery Compound, the medicine that never fails to conquer blood diseases, dyspepsia, rheumatism, neuralgia, liver and kidney troubles. Mr. F. Marion Sikes, of Cronly, N. C., happily rescued from a complication of dangerous ailments, long standing dyspepsia, muscular pains and after results of typhoid fever—nervousness, weakness, watery blood and sluggish circulation, gratefully and thankfully writes for the benefit of thousands

of men and women who suffer today. Mr. Sikes says: "For many years I suffered with dyspepsia. All that I ate did me no good, and I could find nothing that would give me relief. Last year I was taken with a pain in my leg that ran from my hip to the end of my toes. I had as good a doctor as I could find in Wilmington, but he only gave me relief for a while. I was then taken with typhoid fever and my family and friends had given up all hope. A friend of mine, Captain Walter Taft, advised me to try Paine's Celery Compound as I was so nervous I could not stand alone. I began the use of the wonderful medicine and before I had taken half a bottle I felt like a new man. I have now used two bottles and am today a well man and feel better than I have for ten years. I thank my God for the use of this great and marvelous compound."

CLOTHING TALK!...

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours.

Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.
